

The Sights & Sounds of Wetlands & Wildlife

Topics Covered:

- ◆ Wetland Types
- ◆ Plant & Animal Species
- ◆ Life Cycles & the Food Chain

Learn about those wet areas in your neighborhood, and find out what is making all that noise every spring. If you are interested, please join me for a **presentation, entitled "The Sights and Sounds of Wetlands and Wildlife."** Come join me at the SEMPBA office at the Eel River Preserve & Russell Mill Pond Conservation Area. Relax & get ready for a life changing experience. Really! **Pack a lunch for a field walk afterwards** and explore the forest and wetland ecosystems.

When: Saturday April 19, 2014 at 10:00

Where: Southeastern Massachusetts Pine Barrens Alliance, Inc.,
204 Long Pond Road, Plymouth, MA 02360

FREE: for all ages, **Space is limited**, so contact SEMPBA at
(774) 773-9982 or E-Mail: sempba@pinebarrensalliance.org

Presentation by Carlos T. B. Fragata, Naturalist

2014 is the year of the Salamander!
