

Mourning Dove Studio presents  
**cardboard coffins**

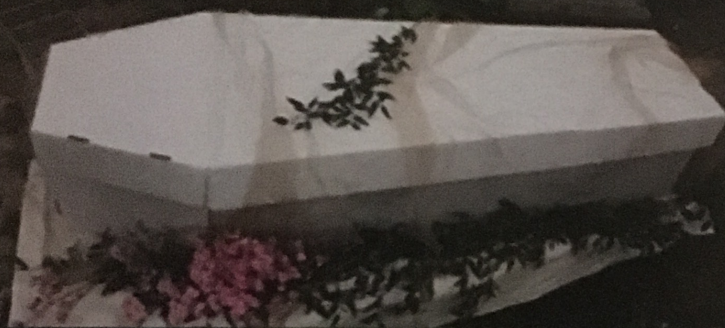

simple, compostable, recycled cardboard in an old style design

by *Bury Me Naturally*

You can make end-of-life choices that follow  
the same values that guide your life.

*Environmentally*

Biodegradable coffins are one of the three essential  
components defining Natural Burial

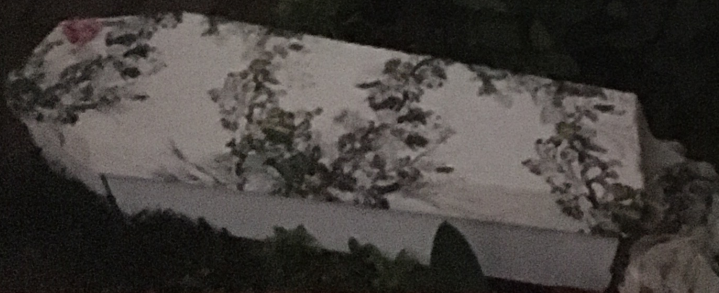

*Emotionally*

Personally-meaningful, hands-on expressions of love  
can help us to honor and grieve our loved ones.

*Sensibly*

- economical
- also suitable for cremation

*Beautiful as is*

**3 components of natural burial**

- no embalming
- no vault/grave liner
- biodegradable coffin/casket or shroud
